STRICKEN AT HOME, MRS. J. KOHL DIES

Mrs. Mary E. Kohl, 75, died last Friday, July 25. She was the widow of the late Joseph Kohl, who served as Frankfort township assessor for 37 years, from 1912 to 1949.

After Mr. Kohl's death last March, Mrs. Kohl had some friends staying with her at their farm home on LaPorte road, near Mokena, but for the past four weeks has been living there alone. She had been out in the yard working among the flowers, which she so loved to do, and had a pair of scissors nearby.

Whether she had a stroke or was suddenly taken sick is not known, but she evidently laid down the scissors and crawled on her knees and elbows towards the house and was in the act of doing this when her neighbor, Mrs. Eleanor Rowe, who frequently called to visit, found her in this condition. Help was called and Mrs. Kohl was later removed to Silver Cross hospital.

Mrs. Kohl, a native of Orland township, was born September 24, 1876, and was a lifelong resident of the Mokena area. She was a member of the Royal Neighbors of America, Mokena camp. She and her husband, Joe, had celebrated their golden wedding Sunday, March 2, when open house was held for them in St. John's church by their son and daughter-in-law, Mr. and Mrs. Richard Kohl, of Joliet.

Mr. and Mrs. Kohl were married February 27, 1902, and set up housekeeping on a farm south of Frankfort where they lived for 15 years. In 1917 they moved to the farm home on LaPorte road where they lived up to the time of their death.

Mrs. Kohl is survived by a son, Richard E. of Joliet, and two brothers, George Mager of Joliet and Jake Mager, of Blue Island. She had a half brother, Ben, and a sister, Philippine Schnurstein, both deceased. By a strange coincidence, Ben passed away one month to the day in advance of Mrs. Kohl.

The body was removed to the Hirsch chapel in Tinley Park, and lay in state at St. John's Evangelical and Reformed church in Mokena from noon to 2 p.m. Monday. Services were held in the church, with the Rev. William Riemann officiating.

Mrs. Kohl was buried in the church cemetery.

SALVATION ARMY MAKES ANNUAL APPEAL

Instead of making a house-to-house canvass for financial support in its Annual Appeal, the Salvation Army is mailing letters direct to all the citizens of Mokena with the hope they will respond by returning their contributions in the envelope which is enclosed.

Part of the amount raised in this appeal will, as hitherto, be spent by the local committee of the service unit for relief and emergency purposes here at home. The service unit is a committee organized to represent the Salvation Army in local communities where it is not otherwise located. It is composed of representative men and women who are interested in the spiritual, moral and physical well-being of their fellow citizens.

Contributions to this worthy cause should be addressed to Mrs. Florence Neithammer Treasurer, Salvation Army Service Unit, Mokena, Ill.

MOKENA WAYFARERS TO GIVE PICNIC

The third annual picnic of the Mokena Wayfarers club and Auxiliary will be held Sunday, August 3, at Messenger Woods. All Master Masons and their families are invited.

Games will be played and prizes awarded the winners. Everyone is requested to bring a covered dish and their own table service.

The committee, headed by Harold Spiess and Mrs. Edward Brueser, are working hard to make this picnic an outstanding success.

ICE CREAM SOCIAL

The MYF of the Green Garden Methodist church will have an ice cream social on the church lawn August 6, beginning at 6:30 p.m. The public is invited.

In case of inclement weather the social will be postponed.

Raymond Warnings to Hold Open House To Celebrate 35th Wedding Anniversary

Mr. and Mrs. Raymond Warning

Mr. and Mrs. Raymond Warning of Frankfort will celebrate their 35th wedding anniversary Sunday, August 3. They will have open house at the village hall in Frankfort from 2:00 to 4:00 p.m., and from 7:00 to 9:00 p.m., to which all their relatives and friends are invited. Receiving with them will be their two sons, Stanley and Glen and their wives, and three grandchildren.

Mr. Warning, who is proprietor of the Raymond Warning garage in Frankfort, started in this business there in 1918. In 1951 he acquired the Gold Star bus line, which operates between Joliet and Chicago Heights and intermediate points.

The Warnings have a host of friends in this area, who wish them many more years of marital happiness and health.

LOCAL ARTIST'S WALLPAPERS TO BE ON EXHIBIT

Warren Wilson, who has lived in Lincoln Estates for the past 11 years, and who has been in the printing industry most of his life, is gaining widespread reputation in the printing craft.

Mr. Wilson, who moved to Lincoln Estates from Chicago, saw the wonderful possibilities of printing through silk screening, and 20 years ago entered this field. The most unusual and beautiful wallpaper is made thru this process, which requires entirely different machinery than ordinary wallpaper.

In 1945, when Remien & Kuhner established a silk screen wallpaper department, Mr. Wilson was responsible for its construction and supervision. A perfectionist and a master of many techniques, he has worked with enormous scenes, as well as with miniatures, which could only be cut with the aid of magnifying glasses.

Because of the striking beauty and artistic value of screen printed wallpaper, Miss Mildred Bruder, director of public relations of the Chicago Public Library, became interested in putting on a hand-screened wallpaper exhibit in the library. The exhibition will start August 2 and continue through the entire month of August. The art department is open Mondays thru Fridays, from 9:00 a.m. to 7:00 p.m., Saturdays until 5:30 p.m. The public library is located on Michigan avenue, at Washington street, and extends to Randolph street.

Associated with Mr. Wilson is Mari Rogers under the firm name of Criterion Custom Wallpapers. Their studio showroom is located at 122 West Kinzie st., Chicago. The firm made its professional debut in February 1952 with a coordinated line of 25 designs.

Mr. Wilson's many friends in this area congratulate him for this achievement and wish him much success in the undertaking.

Visit Daughter In U. S. Service

Mr. and Mrs. John Loucks and daughter Norma, have just returned from a week's vacation in Minnesota, where they visited their daughter, Airman 2nd Class, Betty Lou.

One of the high spots of the visit was the starting parade of the aquatennial celebration in which their daughter paraded with the WAF squadron.

Another thrill was provided by seeing Frank Parker, Marion the Arthur Godfrey show in the Marlowe and Julius LaRoa of parade, as well as Mr. and Mrs. Edgar Bergen and "Charlie McCarthy". The parade lasted for 2 and a half hours, and a half million people watched, despite three separate downpours during the celebration.

Balloons AND B-36 BOMBERS THRILL MOKENA

Residents in the area of Mokena were treated to an unusual thrill Thursday evening when they noticed two strange objects high in the sky. One of these objects was plainly seen above the Leo Marcoux farm and in the village, and was first discovered about 7:00 o'clock Thursday evening. Binoculars were trained on it, but were not strong enough to reveal the details. It appeared to be a large, shining object with some sort of apparatus beneath it. Unlike the mysterious "flying saucer," it moved rather slowly.

Many phone calls came into the News-Bulletin office, and Mrs. Semmler called the weather bureau in Joliet. We were informed that the strange objects were balloons released by the Chicago weather bureau at Stagg field, and carried plant seeds for scientific tests, to determine if they would be adversely affected by bombardment of the cosmic rays high in the sky.

A total of 25 balloons had been released and had drifted in a southerly direction. The balloons were seven to eight feet in diameter at time of release, but expanded to between 20 and 25 feet during the ascent to 100,000 feet where they burst. Each balloon carried apparatus weighing 70 pounds, and at time of bursting this apparatus, tagged with identifying marks, is parachuted to the ground.

Again on Sunday all eyes in this area were trained skyward when a group of B-36 bombers, high in the sky, left their vapor trails behind them. Twenty of these big 6-engine bombers were counted. Although they were flying at about 25,000 feet, they made plenty of noise, which drew people out of doors.

The B-36 is a long range flyer, and there was no announcement as to from which base they originated.

This climaxed the end of a week of air defense exercises over the United States and Canada.

Bauch Reunion Held In Van Horn Woods

The annual Bauch reunion was held Sunday at Van Horn's woods, where 53 members enjoyed a potluck dinner. Later the regular business meeting was held by Vilas Peters, president. Election of officers followed. These officers were elected:

Walter Marti, president; Lester Heisner, vice president; Mrs. Charles Lambert, secretary-treasurer.

The oldest member present was Andrew Schroth, the youngest, Keith Heisner, son of Mr. and Mrs. Ralph Heisner.

The afternoon was spent playing various games.

It was planned to hold the reunion for 1953 at Monee Park.

New Fryer Installed For Chicken Dinner

The annual chicken dinner and picnic given by the St. Jude's Catholic church in New Lenox will take place this Sunday August 3. The dinner will start at 12 o'clock noon and will be served in the church hall.

The picnic will be held on the church grounds where there will be games; a country market where all kinds of vegetables, eggs etc., may be purchased, and there will be a booth of fancy work, quilts, aprons etc., which have been made by the members of the Altar and Rosary society.

A new chicken fryer was installed Monday in the hall. This will greatly increase the handling of dinners more quickly as it will fry 28 chickens at one time.

There will be several awards made during the afternoon and evening. Mrs. E. Dickman is chairman of the dinner, and invites everyone to attend.

Editorial

In an editorial following the Republican national convention we had something to say about the disillusionment which the witnessing of the proceedings via television brought to the American people. This was true and we mean what we said in that editorial.

However, after witnessing on television the rabble of the Democratic national convention and observing how it was manipulated, we have come to the conclusion that the Republican convention was not so bad after all.

At the Democratic convention we saw how a Senator from Tennessee who had piled up the highest number of electoral votes on the first ballot and again on the second ballot was finally defeated on the third ballot by the switching of great blocs of votes, such as that of the New York delegation with its 90 electoral votes.

We further witnessed how the whole trend of the voting changed when President Truman arrived in Chicago to stump for the candidate of his choice. True some of the states failed to yield to White House pressure or back room strategy and voted on the third ballot the way they had voted on the first. This was as it should be, for the first ballot reflected their true and unbiased choice for presidential nominee.

It will be recalled that at the Republican convention the American flag was displayed and presented at the opening of each session. At the Democratic convention Old Glory was conspicuously by its absence, possibly in deference to the U. N. flag, also absent as far as we could see, in support of which so many hundreds of thousands of words were spoken at this convention. The usual honors accorded to the American flag by various organizations, such as the American Legion, were missing here.

This Democratic convention, following so close on the heels of the Republican convention which gave the American people their first real eye-opener, has convinced millions that the convention method of selecting candidates for the first office of the land is not only outmoded but so rotten that it should be abolished in favor of direct vote by the people, the only true talisman of public favor and acceptance.

It is believed by many that we have seen our last national convention of this kind, and it is believed by many more that unless present governmental evils are corrected we will soon

Mrs. W. Englemann Passes Away

Mrs. William Englemann, 66, died in her home on White street, in Frankfort, Monday morning. She had been confined to her bed for a number of years, suffering with arthritis.

Mrs. Englemann was born in Green Garden township February 24, 1886, the daughter of Mr. and Mrs. Conrad Bettenhausen. In 1908 she married William Englemann. The couple farmed in this area all their lives, retiring from farming about 17 years ago.

Surviving besides her husband is a son, Emanuel, three grandchildren, and one brother, George Bettenhausen, all of Frankfort.

The body was removed to the West End Funeral home in Chicago Heights. Funeral services were held Wednesday afternoon in St. Peter's Evangelical and Reformed church with Rev. Erich Bizer officiating. Burial was in Pleasant Hill cemetery.

GOOD DETECTIVE WORK SOLVES SEVERAL THEFTS IN THIS AREA

Harold Seal and a Relative Arrested After Attempted Burglary in Frankfort

Fire Damages Roof Of Sherwood Home

Last Thursday, about 11:00 a.m., Mrs. Kenneth Sherwood was upstairs in her home in Mokena when her neighbor, Mrs. Harold Miller, who lives across the street, called to her and told her the roof was on fire.

The Mokena fire department was called at once and water from their own garden hose on the lawn was played on the flames until the arrival of the fire department.

The Sherwoods have no idea as to how the fire may have started. There was no explosion of any kind; nothing to explain the origin of the blaze.

It was estimated that the damage sustained will amount to about \$8,000, which is covered by insurance. The ceilings of the upstairs rooms will all have to be re-plastered, and there was considerable water damage to furniture, etc., upstairs. Also, the home needs a new roof.

Readers Viewpoint

New Lenox, July 29

Attention of Editor, Mokena Bulletin, Mokena, Ill.

In your June 26th issue you had the following item: quote

"New Lenox Busy Cutting Weeds. The Village of New Lenox is waging an obnoxious weed campaign in order to be a step ahead of the hay fever season. The street commissioner is now busy cutting all the weeds along the streets of the village and requests that all property owners cut such weeds on their premises before July 4th."

It is now July 29th, and there is still plenty of property, vacant included, and all along much travelled roads within the village limits that no attempt has been made to clear of weeds, rubbish, trash etc., off the roadways. That has been done, has been left along the roads for seeds to ripen and the winds to spread to other places for a next year crop over again. Or in case of Canada Thistles, to grow a second crop of seed.

The dry cuttings are also left to fill up the roadside ditches where garbage and other litter can be dumped and accumulate, which not only makes for bad sanitary conditions, but also make for a serious fire hazard, day or night, from carelessly thrown matches or lighted cigarette stubs and also cigarettes.

Of course, the attention of either County or State Departments could be asked in to advise the village commissioners of the requirements of the law; also, give information of what are Noxious (harmful and poisonous) weeds and clear up a very loathsome condition in and about the village.

Here are a few of these weeds in this locality: Black Nightshade; three varieties of Thistles; water hemlock; Horse tail; two kinds of Milkweed; White Snake Root; Tall Buttercup; Rag weed; Burdock and quite a few others. All are distinctly menacing to either humans and animals. Recently, over a short period of time, a number of cattle could be seen dead along the highway (Lincoln) Rt. 30, in adjacent fields, for which various reasons were given for their deaths.

Also, considerable information (free) can be obtained from both the University of Illinois or from some of the State Departments with regard to this subject. This could be published in various forms in your paper from time to time for the benefit of the reading public, if the local officials have no means of doing better than has been done in the past.

In closing, may I suggest that the New Lenox street commissioner might do a better and bigger service to the community by getting more information on this subject and get out with it before the people from time to time, and do a much better clean up job for all concerned. Perhaps local women's organizations or a Garden Club movement could be induced to use their influence and interest in this matter of cleaning up unsightly and unhealthy conditions due to weeds.

It is well past July Fourth and there is still a lot of tall, taller weeds growing, necessitating further weed cutting, etc. to be done and cleaned and cleared up as well.

Yours very truly,
M. L. M.

The residents of Mokena had a rude awakening last Saturday when they learned to their great surprise and disappointment that one of their citizens had been arrested as one of the burglars involved in recent thefts in this territory.

On Sunday afternoon, July 20 a neighbor had noticed a man loitering in the rear of the Bauch garage in Frankfort, and telephoned to Mr. Bauch who lives next door to the garage. Mr. Bauch immediately went out, thinking it might be someone interested in looking over some farm machinery which Mr. Bauch sells. He met the man and asked him what he wanted, whereupon the stranger said he wanted some air for his tires. Mr. Bauch informed him that the air hose was located in front of the garage, and noticed another man sitting in a waiting car in front, and, fortunately, made note of the license number of this car.

Mr. Bauch did not enter the garage at this time as his suspicions were not yet fully aroused. However, on Monday morning upon entering the garage he noted that a pane had been broken and removed in one of the windows in the rear of the garage. He also noted that a number of articles had been stacked against the front door, evidently ready for quick removal.

Mr. Bauch then notified Will county sheriff, Roy Doerflinger, who at once dispatched deputy sheriff Ben Suva, who made a thorough investigation. This was not the first time similar burglaries had been made at this garage. The deputy sheriff learned that the license number issued to him by Mr. Bauch was that of a car owned by Harold Seal of Mokena.

Saturday afternoon, July 26, at 2:30 Deputies Suva and Herbert Smith arrested Mr. Seal, 49, and his brother-in-law, Frank Engebretsen, 32. The latter gave his address as 4347 So. Horne street, Chicago, and said he was an employee of the city of Chicago street department.

Engebretsen admitted at least three recent Will county burglaries. Among them was that of the Woodland Manor Industry clothing factory, from which 20 leather jackets were recently stolen. Another theft he admitted was that of the Cooper and Hostert garage in Mokena, and the Bauch garage in Frankfort. Both men were taken to the Will county jail. Seal's bond was set at \$2,000 and Engebretsen's at \$6,000—\$2,000 on each burglary charge.

Engebretsen told the deputies that he disposed of the clothing by taking the garments two at a time to Chicago and peddling them to individuals in taverns and on Madison street. He said he received from \$1 to \$4 for each item, many of which have a wholesale value of \$10 to \$40. He said he disposed of the electric impact socket wrench, valued at \$125, for \$60, and admitted taking it and five tires from the Cooper & Hostert garage. He stated he sold the items to a man in a tavern on 47th near Wood street, in Chicago.

In the burglary at Bauch's garage, Engebretsen said he took money from the cash register amounting to \$5 or \$6, and that he had intended to return later in the day to take away the tires, inner tubes, spark plugs and an electric impact socket wrench which he had stacked near the door on Sunday. After each burglary, he told Suva, he took the loot to Chicago in Seal's car, then returned to Seal's home with the car and returned to Chicago with Seal, who has been employed as an optometrist in a Chicago loop store.

A lie detector test was given. The tests were "positive", indicating the truthful answers were not being given. Mr. Seal, having raised the required \$2,000, is out on bond. Mr. Seal has been trying to establish an optometry business and lens grinding shop at his home in Mokena on 203rd street south of the village.

Deputy Sheriff Suva did some outstanding detective work in this case, spending several days and nights in Mokena working on it.

DRAFT CALLS FOR 2032 MEN IN SEPTEMBER

Local boards of the Illinois Selective Service System must furnish 2,032 men for induction into the army in September, Colonel Paul G. Armstrong, State Director of Selective Service, has announced. This represents approximately 6.8 per cent of the national quota of 30,000.

Colonel Armstrong said the call will be filled by taking all available registrants aged 21 and over, and making up any remaining balance with 20-year olds. No one under 20 will be inducted in September, he said. However, much heavier calls are expected beginning in October according to recent Defense Department announcements, and by 1953 it may become necessary to start inducting 19-year-olds.

Stepped-up inductions are required to provide replacements for reservists called since the

outbreak of the Korean war who are now being discharged under the law, as well as for men inducted through Selective Service whose two-year periods of active duty are being completed. More and more of these are becoming eligible for release each month, Colonel Armstrong explained, and it will be the task of the Selective Service local boards to furnish the replacements needed to keep the army up to the strength set by Congress.

Colonel Armstrong praised the 2,600 uncompensated Selective Service officials in Illinois who are responsible for selecting the men to be inducted from each community. "These patriotic people serve on their own time, performing a difficult, time-consuming and often thankless task," he said. "Without them we could have no adequate defense structure."

Junior Chamber Commerce Makes Memorial Awards

At the convention of the United States Junior Chamber of Commerce held last week in Dallas, Texas, John M. King of Wheaton was awarded the Clint

Dunagan Memorial Award as the outstanding National Director in the United States Junior Chamber of Commerce for the past year. Mr. L. C. Buckmaster of Winnetka, President of the Illinois Junior Chamber of Commerce, received the Clayton Frost Memorial Award as the outstanding State President for the past year of the United States Junior Chamber of Commerce. In winning these awards King and Buckmaster made it three years in a row that the Illinois Junior Chamber of Commerce has received these awards.

The achievements of the various National Directors and State Presidents are carefully studied by a committee of prominent former United States Junior Chamber of Commerce Officers headed by the past National President. The awards are selected on the basis of all-around excellence in the performance of the duties of the office, leadership and specific outstanding accomplishments during the year.

CENTRAL HEATING

The New and Revolutionary Way to Heat Your Home Automatically at Unbelievably Low Cost!

Who SAID you cannot afford central heating! Inspect this revolutionary new low-cost BLEND-AIR system that's simple and easy to install. It's low-cost automatic heating for the entire home, giving new modumatic comfort!

Here's why Blend-Air costs less!

NEW 3 1/2-INCH HOT AIR DUCTS FIT ANY CONSTRUCTION! A revolution in heat transmission! A new idea in pipe installation! Pre-engineered, pre-fabricated, they're standardized to save costly on-the-job labor.

MAGIC BLENDERS GIVE EVEN CIRCULATED WARMTH! Say good-bye to stale, static, sickly room atmosphere that packs unhealthfully in hot layers at the ceiling. BLEND-AIR moves warm air for clean, circulated warmth. Inside the blender in each room heating magic takes place—it pulls in the room air, blends it with fresh hot air from the furnace, and re-circulates it, giving even floor-to-ceiling warmth.

POWERFUL SPACE-SAVING FURNACE! Coleman's Modumatic warm air furnace filters cold air, heats it and forces it through individual ducts to each room. Fits anywhere—kitchen, closet, utility room—saves headroom. Gas and oil models.

• Blend-Air is pre-engineered and pre-fabricated. Comes to you complete. Ready to install. Blend-Air saves you as much as \$100 on installation costs alone.

No money down... pays for itself in comfort and economy

Come in and see Blend-Air—

See why comfort costs so little with a Coleman!

THE BIBLE SPEAKS

International Uniform Sunday School Lessons
BY DR. KENNETH J. FOREMAN

SCRIPTURE: 1 Samuel 4:1b-8:22;
12:14-25.
DEVOTIONAL READING: Proverbs 3:1-12.

Consecrated Genius

Lesson for August 3, 1952

ONCE IN A WHILE men are born who have more careers than one. Thomas Jefferson was architect, educator, lawyer, writer, executive; Samuel F. B. Morse was a painter and also the inventor of the telegraph; Theodore Roosevelt was a man so cany-sided that some one has written an amusing article showing that several thousands of years from now, scholars might easily conclude that T. Roosevelt was not one man but several different men with the same name.

Dr. Foreman

Many-Sided Man

SAMUEL WAS ONE of these many-sided men. We call him Samuel the prophet, but we could just as well call him judge, priest, preacher, general writer and king-maker.

He was a prophet, for the people who knew him turned to him when they wanted to know what God thought. We can call him a preacher, for we know of one very successful revival which he conducted (I Sam. 7). He was also what we call a circuit judge, going from town to town to hold court. He was a successful general, for we know he not only advised military leaders but took the lead in raising an army himself and directing it in a successful campaign.

He was a priest, not only in a formal way, offering sacrifices at various places; but he also once said a memorable thing which marks him as a priest in the truest sense: "Ye have done all this wickedness, yet . . . God forbid that I should sin against you in ceasing to pray for you." (Chap. 12.)

He was a writer, for though he could not have written both books that bear his name, he did write "the manner of the Kingdom"—perhaps a kind of constitution. And next week's study will show him as a king-maker.

No Dictator

THE MANY-SIDED MAN, the man of many talents, always has one great temptation: to be a dictator. It isn't bad people who become dictators; it isn't the weak; it is the strong and able.

A very able president, for instance, will take it on himself to run the State department and any other departments that specially interest him; in a small town a many-sided man may be superintendent of the mill, chairman of the school board, chief deacon in the church, superintendent of the Sunday school, major and post-master besides.

It is not alone in public that the dictator flourishes. Sometimes in a home the father, or the mother, will be so energetic and brainy that he (or she) finds it much easier to do things than to wait for the children to do them, or to teach the children how it is done.

Now the prophet Samuel, who towered high above the average man of his country, must have been tempted to be a dictator.

Samuel perhaps could have done it all, but he knew when to retire from the foreground.

Public Spirit

SAMUEL himself is a model for all the many-gifted men who reach and deserve positions of power. He never milked the people for his own benefit; he never used public office for private gain. (With one sad exception; he kept his worthless sons on the public payroll.) He was a man of true public spirit.

This means two things, and Samuel had them both. One is a wide vision: being able to see all sides of a question, and to see not only his own advantage, but how decisions and policies affect all kinds of persons.

Most politicians will have at heart the interests of their own little bailiwick; how many have the interests of the nation at heart?

Public spirit means wide vision, it means a wide concern, not only seeing but caring. In an election year, when politicians are clamoring at us from all sides, we may well inquire about every candidate: Does this man have any resemblance to God's man Samuel? Does he have a sense of responsibility to God? Does he have a wide vision, a wide concern? Whose side is he on? Is he out for himself, or for God and the whole people?

CULLIGAN serves all your water conditioning needs

YOU CAN ENJOY CULLIGAN SOFT WATER SERVICE

As low as \$2.75 per month
for the average family

Don't wait to enjoy the benefits of soft
water living—it will bring your family new
comforts, conveniences and savings all
through the house. Talk it over today with
the waterconditioning experts in your com-
munity—at CULLIGAN SOFT WATER
SERVICE headquarters.

YOU CAN BUY YOUR OWN CUL-MATIC WATER SOFTENER

Unlike other companies who
sell water softeners and then
let the owners worry about
taking proper care of them,
Culligan offers a unique
"Owner-Service Plan." With
this Plan, you own the soft-
ener, but it is designed for inter-
change with our Service unit
so that the Cul-matic can, on
occasion, be professionally
sterilized and rejuvenated at
our plant. Call us for details.

School for Boys Appeals For Funds

The task of providing emotional as well as physical security for dependent boys is a year-round proposition, and does not end with the school term in June, according to Executive Director Frederick G. Behrends of the Glenwood School for Boys, Glenwood, Ill. Most of Glenwood's 240 boys are from homes where the environment is not suitable for a growing boy. Illness of one parent, the death of a mother or father, or a situation which forces the mother to go to work are common examples.

What, then, is to be done with the more than 200 youngsters who must have year-round care at Glenwood? About 100 of them can be accommodated at the school's summer camp at Blaisdell Lake, Wis. The boys go to camp in shifts, and those who remain on the campus at 187th and Halsted Sts., near Chicago, are formed into "flying squads" who help with the myriad tasks of upkeep of buildings and grounds. A crew of boys may be seen any day mowing grass, emptying trash, or working on the 25 acre vegetable plot which supplies food for the school's huge larder.

Since the regular school budget at Glenwood does not include maintenance of boys at camp, a special appeal for funds to send boys to camp is under way this summer. It costs about \$1.00 a day to maintain a boy at the camp. Contributions may be sent to the Glenwood School for Boys, Glenwood, Ill.

HERE'S PROTECTION against COSTLY RUST!

RUST-OLEUM
STOPS and Prevents Rust

In your business of farming you have a large investment in buildings and equipment. Rust eats slow but sure into your profit. Save metal barn and house roofs from the "slow fire" of rust... Add extra years of useful life to machinery and implements. RUST-OLEUM gives lasting protection—two to ten times longer than ordinary materials.

RUST-OLEUM penetrates every pore of the metal, cuts corrosive elements loose and merges the remaining rust into an airtight, water-proof rust-resisting coating that will not crack, peel, or blister.

CHECK THESE FEATURES
• Quick—simple—easy to use.
• Simply wirebrush the surface to remove loose rust and scale, dirt, etc. Rust-Oleum can be applied over rusted metal.
• Covers 40% more area than ordinary materials.
• Cost less than 1-cent per sq. ft. material cost per coat.
• Full selection of colors. Get all the facts from us today. TRY IT NOW.

ILLINOIS STATE FAIR

100th Year

SPRINGFIELD
Aug. 8 thru 17

WELCOME to the Illinois State Fair. The century spanned by the record of Illinois State Fairs is one of achievement in many fields in which every citizen of our State may well take pride. The Fair has progressed, too, from a purely agricultural exposition to its present array of interesting exhibits and entertainment features. Whether you live on a farm or in town, you'll enjoy a visit to the Illinois State Fair. We hope you can attend.

ILLINOIS TAX FACTS

By George Mahin, Executive Secretary
Taxpayers' Federation of Illinois

Now the Democratic Party has adopted its platform, specific as to farmers, specific as to labor, specific as to other groups and voting blocs, as is the Republican Party platform, but brushing off the taxpayers with glittering generalities and pious platitudes even as the Republican platform does.

Instead of reading the platform, the taxpayers can get a better idea of where their tax money is going now, and whether government economy is in fact possible, by reading some of the Federal government publications.

Have you a little fishpond (size preferably an acre or two) on your farm? The U. S. Department of Agriculture, in a pamphlet titled "Farm Fishponds", makes no bones about the advantages of farm fishponds—including the fact that the U. S. Fish and Wildlife Service stands ready to give the farmer an ample supply of stocking fish.

The extent to which the Federal government is prepared to go in giving financial assistance is set out in another Department of Agriculture pamphlet put out by the Agricultural Conservation Programs branch of the Production and Marketing Division.

Referring to farm fishponds the pamphlet says that money aid can be given under Section 3, Conservation Practices and Maximum Rates of Assistance as follows:

1. 70% of the average cost of earth moving, but not in excess of 12c per cu. yd. of material moved.

2. 50% of the average cost of

concrete, or rubble masonry used, but not in excess of \$12 per cu. yd. of concrete—or \$7 per cu. yd. of rubble masonry.

3. 50% of the average cost of materials, other than concrete or rubble masonry used in the permanent structure, excluding forms

4. 50% of the average cost of fencing material, pipe, and seeding or sodding the dam and filter strips.

The latest (1951) edition of "Agricultural Statistics" reports that, over the 10-year period 1940 to 1949, the number of cubic yards of earth moved in these farm-pond building operations came to 952,656,000.

At the present maximum assistance rate of 12c per cu. yd. (somewhat higher than it used to be), the government's 10-year contribution of taxpayers' money to this program would come to about \$114 million! And that's only part of the cost.

The party platforms offer nothing but generalities to the taxpayers while this goes on. The only real hope the taxpayers have is to elect those to public office, particularly to Congress, the Illinois General Assembly and local governing

Let us show you this Allis-Chalmers gear-shift rake... with two forward reel speeds and a reverse for tedding.

With this power rake, you can run the reel fast for heavy green material, or when raking straw. A pull of the shift lever slows down the reel for saving easily shattered leaves. And the third position gives a reverse for power tedding of rain-dampened swaths or windrows.

Let us demonstrate the power rake with just-right action for every crop and field condition.

The WSCS of the New Lenox Methodist church will sponsor a buffet luncheon and musical at 1 p. m. August 6 in the church. Following the luncheon Mr. and Mrs. Paul Tryon of Joliet will give a musical program accompanied by Mrs. Leonard Warning at the organ. Admission will be by ticket only. Tickets may be had by contacting any member of the society.

The Misses Joyce Frick, Martha and Joan Kern, and Carlene Flynn left Saturday by motor for Harshaw, Wis., where they are spending this week in the Frick cottage on Hancock Lake. The members of the Young

Women's circle of the Green Garden Methodist church held their annual family picnic and chicken dinner on the lawn of Mr. and Mrs. Chester Steinberg Sunday. Approximately 40 attended. Dinner was served at noon and the afternoon was spent in playing games.

Mr. and Mrs. W. W. Bowen and daughter Sherri spent Sunday at Bass Lake, Ind., with her parents Mr. and Mrs. K. V. Bryan and family. While there they celebrated the birthday of Mrs. Bowen with several other guests attending from West Lafayette, Ind.

Mr. and Mrs. Roy Minger are the parents of a seven pound, 11 ounce son born Monday morning July 28 in Silver Cross hospital. The new baby has been named John Edward. Mrs. Minger is the former Lois Walsh, daughter of Mr. and Mrs. Edward L. Walsh.

Glenn Batson who has been ill for several weeks and was a patient in Silver Cross hospital for a week, is recuperating at home.

Mr. and Mrs. Edwin G. Woodcock are the parents of a six pound, eight ounce baby boy born Friday, July 25 in Silver Cross hospital. The new baby has been named Edwin George, Jr., and will be welcomed home by his year old sister Marcelle.

Robert Gillette is spending this week in Memphis, and other parts of Tennessee on a business trip.

Charlyn Gillette is spending this week at Shorewood Beach, in Troy with her aunt Mrs. Andrew Garish and family.

Mr. and Mrs. Bill Collatz and Merry Lee, and Mr. and Mrs. Len Anderson, Dotte, Dale and Don spent Sunday at White Pine State Park and Lowell Park near Dixon.

Martin Knowles, Jr., of Chicago is spending this week with his aunt and uncle Mr. and Mrs. Edmund Knowles and family.

Mr. and Mrs. Leonard Warning, sons John, Kurt and Karl; and Mrs. John Warning spent Sunday at the Sand Dunes in Ind.

Mr. and Mrs. Charles Reeser Dick Sayers and daughter Barbara spent a few days the past week at the Reeser cottage in Minouqua, Wis.

Mr. and Mrs. Robert Gillette entertained in their home Saturday afternoon at a party honoring the 12th birthday of their daughter Charlyn. The afternoon was spent in playing games with prizes won by Margie Riley of Manhattan; Linda Ruhle and Dotte Jean Anderson. Refreshments were served at the dining table centered with a birthday cake made by Mrs. Gillette. Guests were present from Manhattan and New Lenox.

Mr. and Mrs. Edmund Knowles and the Misses Pat and Jill Knowles attended the wedding of Mrs. Knowles cousin, Miss Dorothy Sheridan and Nicholas Millard in St. Dorothy's church in Chicago Saturday morning. They also attended the reception at the South Shore View hotel in the afternoon.

The Misses Eleanor Hammond, Marion Nelson, Kay Miller, Betty Jo Oster and Ardis Batson from the New Lenox Methodist church Youth Fellowship attended Camp Inspiration at the shores of Lake Ripley at Cambridge, Wis., for a week recently. They enjoyed the varied daily program. During the regular morning service in the local church Sunday, the girls gave an interesting report of the camp. The members of the congregation were much pleased with the report and feel certain that when camp time comes next year, they will desire to send a larger group of girls to it.

Mr. and Mrs. Marcel Halik and daughter Millicent from Cicero have moved into their new home in Lincolnwood.

Mr. and Mrs. Joseph Novak, Sr., who moved recently to California are now settled there in their home at LaMesa, where they have purchased a home.

Mr. and Mrs. George Novak and Susan were dinner guests Sunday of Mr. and Mrs. Marcel Halik and daughter in Lincolnwood.

Newell Jenkins of Gridley, Kansas spent this past week vacationing with Mr. and Mrs. Charles Eggen and family.

The New Lenox Home Bureau unit met Friday, July 25 in the Lions Den for their regular monthly meeting. It was local achievement day for the Bluebirds, Cardinals and Busy Hour 4-H clubs. Cici Baers gave a demonstration for the New Lenox Cardinals. The regular business meeting was conducted by Mrs. Ann Wondrasek. Mrs. Clarence Madsen gave the lesson on "Preventing Children's Accidents".

Those appointed to the nominating committee were Mrs. Sadie Close, Mrs. Karl Johnson, and Miss Caroline Bentley. It was announced that there would be no August meeting. The next meeting will be held September 26 with Mrs. Louis McCann with Mrs. Clarence Luther as assisting hostess.

Mr. and Mrs. Sam Carr and Tommy spent Sunday in Racine, Wis., with their daughter Judy who is camp counselor at St. Mary's camp for girls there.

**Stile Still in Style**

STILES may be old-fashioned, but as long as there are barbed wire fences there will be stiles. Spotted at strategic locations, stiles will save clothing, tempers and walking to a gate. Besides, the fence will last longer.

The stile shown in the illustration is simple to build and easy to climb.

Uprights, made of 1 by 3-inch lumber, should extend 18 inches above the top wire so they may be used as supports

when climbing over. Each of the cross-pieces is 35 inches long cut from lumber of the same dimensions and nailed to the fence post directly above each strand of wire. The braces underneath are nailed to the post and the uprights. To protect the wood, paint the stile. It will last much longer and be safer.

MODERN DESIGN— QUALITY CONSTRUCTION

Minneapolis-Moline Hi-Klearance plows give you all these advantages:

- Higher clearance assures better trash clearance and permits use of 18-inch coulters.
- Greater throat clearance prevents clogging and assures better covering of trash.
- Proper line of draft means lighter draft and eliminates side draft.
- Simple, quick-acting power-lift raises or lowers plow on only 1/2 turn of land wheel—provides short headlands.
- Heat-treated beams of beaded stock weighing 12.7 pounds to the foot assure maximum strength and long life.
- Extra sturdy beam bracing prevents wrenching or twisting of beams.
- Coulters equipped with all-steel yoke with ample clearance prevent clogging.
- Flexible hitch for more uniform depth of plowing.

- Extra strong wheel construction.
- Moldboards and shares with better wearing and scouring qualities.

BASEBALL

by Ken Webster

Marvin Dornhecker hurled a brilliant one-hitter, last Friday, to whip the Tinley Park Sportsmen B Team 13 to 5. Marvin, hurling for the Blue Island Hawks, kept Tinley in check except on short streaks of wildness and lack of defensive support. He struck out 12, walked six, hit one batter and gave up a lone single to Bob Cupp after five innings of hitless ball.

Three Tinley Pitchers gave up seven hits and seven walks along with five errors by team mates.

Tinley will play its second game of the final round Wednesday against Park Forest. Game time 6:15 p.m.

Cardinal 4-H Club Has Active Month

The July meeting of the Cardinal 4-H club was held in the home of Marion Nelson. A report was given on the recent street dance, and plans were made for the preparation of achievement day in the various homes. On July 22 the girls met at the home of their leader Mrs. Walter Hamilton for judging; July 24 they met at the home of Miss Roselyn Wise for judging; July 25 they modeled for the New Lenox Home Bureau at the Lions Den, and July 29 it was Achievement Day when the Joliet judges passed on their projects. July 30 they went to Pershing school in Joliet where they modeled their clothes and demonstrated their work for all Will county.

The club also met July 9 in the home of Cici Baers. Talks were given by Miss Baer, and the Misses Mary Lou Loebe, Shelby Brown, Roselyn Wise, Claudia Thomas, and Pat Knowles. Demonstrations were given by Marty Kern, Cici Baers, Roselyn Wise. The girls attended the folk festival July 22 at Frankfort where they entertained with a skit for which they received a 'B' rating. The trio composed of Florence Cruise, Marty and Joan Kern received an 'A' rating for their singing.

Kin of Service Men May Now Apply for Absentee Ballots

July 28 is the opening day of the period during which men and women in the armed services may apply for absentee ballots for the November 4 general

election, Secretary of State Edward J. Barrett says.

A new provision of the law enacted in 1951, permits the mother, father, sister, brother; husband or wife of a man or woman in the service to request that the ballot be sent Mr. Barrett pointed out. The request should be presented to the county clerk in the home county of the person in the service.

The applications will be accepted until October 30 by the county clerks, in accordance with the law which sets the application period as not more than 100 days and not less than five days before the election, Secretary Barrett said.

The county clerks will have ballots available 45 days before the election for those whose applications are on file, and will mail them directly to the service men and women with return self-addressed envelopes. The ballots must be back in the offices of the county clerks by election day in order to be counted.

Secretary Barrett pointed out that these special provisions of
